*"Building Bridges Together"*

## Child/Youth Activity Program

Our *vision* is an inclusive and caring community where choice, opportunity and quality of life are realized.

The Child/Youth Activity program facilitates inclusive social and recreational opportunities for youth with developmental disabilities.

Services are provided in the community to promote the development of specific skills as outlined in an Individual Service Plan.

Services provided are 1-1 or in shared support models. Services include support for behavioural challenges, life skills, and social development.

The CYA staff support the child/youth by taking an active approach to achieve goals that meet the needs of each individual.

## Children's Respite Program

Respite care provides relief for families from the daily responsibilities and ongoing demands of caring for a child with a developmental disability.

Screened and approved caregivers provide temporary relief for families for periods of twenty four hours or longer. Caregivers maintain a warm, caring and positive environment where the child is included in daily living activities.

Families who are referred for Respite services will have direct involvement in choosing an appropriate caregiver.

*Services are available by referral from the Ministry of Children and Family Development, Children and Youth with Special Needs.*  
**604 820-9536 ext 232**
