

# Mission Association for Community Living

*"Building Bridges Together"*

## Supported Child Development Program

Our *vision* is an inclusive and caring community where choice, opportunity and quality of life are realized.

In partnership with families, childcare providers and the community, supported child development is a way of ensuring children who need extra support are able to participate in community childcare.

*Inclusion means that all children are welcome and valued, and all activities of playing, learning and growing happen in a way that children feel they belong.*

### Who we support:

Children who have a physical, intellectual, emotional, communicative or behavioral delay, and Require additional support services in childcare because of the delay .

- \* A letter of support from a professional documenting need must accompany the referral.

# Mission Association for Community Living

*"Building Bridges Together"*

Children may be referred to the program by:

Parents/Guardians, Infant Development Consultants,  
Child Care Providers, Public Health Nurses,  
Social Workers, Physicians and Therapists

Referral forms may be obtained  
at the Mission Association for  
Community Living office

**We provide support by:**

- **Practicing family centered care**
- **Facilitating individual planning**
- **Sharing information and resources**
- **Assisting in transition planning**
- **Advocating for service to meet individual needs**

Supported Child Development Programs are located in communities throughout British Columbia. Participation is voluntary and SCDP services are free of charge.
